"I like how we made really creative things that I never thought I could do. It helped me find my creative spot. I would like to find another talent that I didn't know I had."

6th grade student
Arts Impact Middle School

"Many of my students that struggle in other areas of academics were able to shine."

5th grade teacher,
Kirk Elementary

"Students were highly engaged, active participants, and motivated to build. This is a much more creative way to integrate art into history than I would have ever thought of."

Principal, Powers-Ginsberg Elementary

"The residency encouraged students to participate in an art form that they regularly do not have access to. It was a unique experience that connected with the students and also had them improvise and problem-solve where applicable."

4th Grade Teacher,
Malloch Elementary
